

Dear IWGers,

### Call for Papers: IWG London, Ontario 2018

For the past several IWG meetings, we included an evening where members could present their newest work or work in progress. The idea came about as a way of meeting the need of IWG members who have the potential of seeking travel funds from their workplaces on the condition that they are presenting at a meeting. Thus, **we are now accepting abstracts for presentations (oral or posters) during the presentation evening of IWG London, ON.**

If you would like to present your work, please remember the focus is on providing **members** with an opportunity to share/discuss their newest completed work or work in process. And, please submit the following information to me (Betty Davies) at [daviesb@uvic.ca](mailto:daviesb@uvic.ca) by November 30, 2017. This early submission date will allow sufficient time for reviews to be completed and results to be shared early in the New Year - we hope this will facilitate planning for those who wish to present.

If you wish to present, please provide the following information (example provided):

Your Name (First & Last):	
Institutional Affiliation (if any):	
Email address:	
Title of Presentation:	
Co-author: (First & Last Name & affiliation)	
Co-author: (First & Last Name & affiliation)	
Co-author: (First & Last Name & affiliation)	
Abstract (300 word max)	
If presentation is oral, please indicate whether you will need a laptop and/or data projector:	<input type="checkbox"/> I will need use of laptop* <input type="checkbox"/> I will need use of data projector* Other equipment required (Specify: _____)* *We will do our best to make these items available. If you have your own equipment, we encourage you to provide it.

Please note that due to space and time limits, it may not be possible for all those who wish to present orally to do so.
